	about 150 troops were seen receiving meals and an undetermined number of troops did maintenance work on about 30 trucks in front of the vehicle sheds. Noter vehicles seen en route to and from the installation included	• *
3. ⊤	Prior to 17 October, the Pionier Kaserne was occupied by about 300 troops wearing red-bordered black epaulets with artillery insignia and, after 18 October, by at least 900 troops wearing red-bordered black epaulets with artillery insignia. At about 5:30 p.m. on 18 October, at least 60 to 70 vehicles, mostly trucks, were seen in front of the gun shees and in the barracks area.	25X
	during the night of 17 October. Intensive activity was observed in the barracks buildings and the barracks yard. On 20 October, all windows were lighted. Troops seen in the rooms were preparing their bedsteads	25 X
	and about 75 troops were filling straw mattresses in the barracks yard. Truck was seen in the barracks area.	25 X
• •	Prior to 18 "ctober, the Kraftfahrer Kaserne was occupied by about 200 troops wearing red-bordered black spaulets with artillery insignia and, after 19 October, by at least 800 troops wearing red-bordered black equilets with artillery insignia, including units equipped with 30 -nm rocket launchers. On 19 October, the troops detrained at the main railroad station and equipped with a total of at least 24 x 300-nm rocket launchers were seen entering the installation. All quartering buildings were lighted after sunset. Rooms, which could be	<i>:</i>
	observed, appeared to be occupied to capacity. Trucks in addition to the abovementioned vehicles, were seen entering and leaving the installation.	25X
u	At about 4:30 p.m/ on 20 October, fuel was drained from a tank car, which had a capacity of about 300 hectoliters, and was hauled away by tank truck	25X
